RPSI Inspection Paperwork Checklist

General

- All original registration papers will be returned on the day of inspection.**
- RPSI Membership is required for inspection of mares/foals/youngstock and stallions. Membership Forms may be filled out and submitted online, or downloaded/printed from the RPSI website and submitted with reservation form or on inspection day.
- All horses presented for registration must be physically seen by the judges.
- Microchipping is available at all inspection sites, for all ages of horses, for an additional \$50. The permanent Microchip ID # will then be added to your horse's passport or original registration papers. All horses presented for original registration papers, including foals, youngstock or adult horses, must be given a permanent form of identification - either branding, microchipping, or both. For those horses not receiving a brand, microchipping is required, and may be done on inspection day or owner must provide a veterinary certificate proving administration of a microchip to the registry, along with the microchip number.
- A percentage of foals by their dam's side will be selected for random DNA testing throughout the inspection tour.
- We're looking forward to seeing you in 2014! Please feel free to call or email with any questions.

Mares

- Original registration papers
- Photocopy of Registration Papers
- 5-generation pedigree.
- Mares eligible for the Main and Premium books include: Mares registered with a recognized Warmblood breeding association, Thoroughbreds, Arabians, Anglo-Arabians, and Shagya Arabians. For the Pony Books: All of the above, as well as German Riding Ponies, Welsh A, B, and C's, Welsh Cobs, British Riding Ponies, Connemaras, American Sport Ponies and New Forest Ponies. Knabstruppers. Please reference the RPSI website for a complete listing of breed eligibilities. Mares of breeds other than those accepted into the main books, or mares whose papers have been lost, may be eligible for the Pre-Mare books.

Foals at Mare's Side

- Breeding Certificate signed by the stallion owner. Breeding Certificate forms are available for downloading from the RPSI website.

*Rheinland Pfalz-Saar International P.O. Box 429 Murdo, SD 57559
(605)685-3089 www.rhpsi.com info@rhpsi.com*

- ❑ Mare must be inspected and entered into an appropriate mare book as well if she has not already been inspected by the RPSI.
- ❑ Foals sired by stallions approved by the RPSI or by a different warmblood registry but **not active** in the RPSI's current year stallion rosters are eligible for inspection and registration for an additional \$50 fee per foal.
- ❑ **Foals conceived by frozen semen or embryo transfer must be DNA tested.** DNA testing may ideally be completed in advance by owner – please complete an online fillable DNA Testing Form available on the RPSI website (or download, fill out and submit to the RPSI) and you will be sent a DNA kit with instructions on how to pull and submit the hairs before inspection day. Otherwise, mane hairs will be pulled on inspection day and owner should bring completed DNA Forms for each horse requiring DNA testing to the inspection. Please note – DNA test results are also required for sire and dam of frozen-semen or ET offspring requesting original registration papers. A percentage of foals at Mare's sides will be DNA tested on inspection day.

Weaned Foals and older unregistered horses

- ❑ Breeding Certificate signed by Stallion Owner
- ❑ Dam must be inspected as well if she has not already been inspected into the RPSI mare books. This is true for weanlings as well as yearlings and other youngstock. If dam is deceased please provide a death certificate signed by veterinarian.
- ❑ Weanlings and Youngstock sired by stallions approved by the RPSI or by a different warmblood registry but **not active** in the RPSI's current year stallion rosters are eligible for inspection and registration for an additional \$50 fee per foal.
- ❑ **Weaned foals, foals conceived with frozen semen, and older youngstock presented for original registration papers must be DNA tested.** DNA testing may ideally be completed in advance by owner – please complete an online fillable DNA Testing Form available on the RPSI website (or download, fill out and submit a form to the RPSI) and you will be sent a DNA kit with instructions on how to pull and submit the hairs before inspection day. Otherwise, mane hairs will be pulled on inspection day and owner should bring completed DNA Forms for each horse requiring DNA testing to the inspection. Please note – DNA test results are also required for sire and dam of weaned offspring requesting original registration papers

Stallions

- ❑ Original registration papers
- ❑ Photocopy of Registration Papers
- ❑ 5-generation pedigree
- ❑ Printout of show results (if applicable)

*Rheinland Pfalz-Saar International P.O. Box 429 Murdo, SD 57559
(605)685-3089 www.rhpsi.com info@rhpsi.com*

- Completed Stallion Vet Exam form, filled out in advance by veterinarian (form available for download). X-ray reports of joints indicated on the Vet Exam Form will be required within 30 days of Stallion's inspection day for licensing to be granted.
- **All stallions who do not already have DNA on file will have hairs pulled on inspection day for DNA testing.** In order to expedite this process, please complete an online fillable DNA Testing Form available on the RPSI website (or download, fill out and submit to the RPSI office address below) and you will be sent a DNA kit with instructions on how to pull and submit the hairs before inspection day.
- Stallions of breeds other than those accepted into the main and pony books are not eligible for licensing. For a list of accepted breeds (including but not limited to Warmbloods of recognized breeding associations, Thoroughbreds, Arabians, Anglo-Arabians, Shagya Arabians, German Riding Ponies, Welsh A, B, and C's, Welsh Cobs, British Riding Ponies, Connemaras, American Sport Ponies, New Forest Ponies, and Knabstruppers) please reference the RPSI website. Anyone with questions should please call or email the RPSI North American headquarters.
